

Augusta-Richmond County Public Library System presents

# Every Child Ready to Read: Early Literacy at Your Library

**Workshops will resume in the fall.  
Watch for details!**

The Augusta-Richmond County Public Library System has partnered with Every Child Ready to Read as part of our "1000 Books Before Kindergarten" Initiative.

Parents, you can begin to help children from birth learn important pre-reading skills. These free workshops can teach you what to read and how to read to young children so they get the most from the experience.
